

BrailleNote evolve Trade-In Program

HumanWare is proud to introduce the **BrailleNote evolve Trade-In Program**, designed to support education partners and consumers in moving to the next generation of note takers.

As part of this initiative, all **BrailleNote Touch Plus (32 and 18)** devices collected through trade-in will be donated to HumanWare's **Emerging Braille Program**, which provides braille technology to schools and individuals in developing countries, where access to braille remains limited.

We are partnering with a range of organizations to deliver these devices to communities in need.

Trade-In Offer

Customers can trade in eligible devices for credit towards the purchase of the new **BrailleNote evolve 32** or **BrailleNote evolve 20**. To take advantage of this fantastic offer, please contact us directly. Unfortunately, we are unable to provide trade-in options for online orders.

Special Offer:

- Trading in a **BrailleNote Touch Plus 32** or **Braille sense 6** earns:
 - **AUD \$1,000** credit toward a BrailleNote evolve 32
 - **AUD \$500** credit toward a BrailleNote evolve 20
